To Stop a Cough Quick

take HAYES' HEALING HONEY, a
cough medicine which stops the cough by
healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE
SALVE for Chest Colds, Head Colds and
Croup is enclosed with every bottle of
HAYES' HEALING HONEY. The salve
should be rubbed on the chest and throat
of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside
the throat combined with the healing effect of
Grove's O-Pen-Trate Salve through the pores of
the skin soon stops a cough.

Both remedies are packed in one carton and the
cost of the combined treatment is 35c.

Just ask your druggist for HAYES'
HEALING HONEY.

OBITUARY.

The subject of this sketch, Mr.
John Wesley Harris, was born in
Clark county, Tennessee, May 11,
1834, and died at his home at Hondo,
December 1, 1922.

Brother Harris came to Texas and
settled in Guadalupe county in the
year 1851, where he lived the greater
part of his life. In early man-
hood he became a member of the
Methodist Church, and for sixty-five
years was a faithful and devout
Christian. As a citizen he was every-
whit a gentleman and above re-
proach. In the stormy days of the
sixties he gave four years of his life
as a true soldier in the Southern
Army. As a neighbor he was social
and unselfish; he often heard and
heeded the cry of the widow and
orphan, and the sick and sorrowing
always found in Brother Harris a
sympathetic friend.

As a husband and father, he was
patient, kind and loving. He was
a man who loved his home.

He was an honored member of the
Masonic fraternity, and was in ev-
ery way worthy of wearing "the
badge of a Mason."

He was a quiet man, rather shrank
from public notice, but was true and
faithful in every post of duty. Dur-
ing his last illness the writer fre-
quently visited him. He was a pa-
tient sufferer; his faith did not fal-
ter, nor did he complain. A good
and true man has fallen. He will
be sorely missed in home and in
Church, but our loss is heaven's gain.
May God bless and keep his aged
wife until the great reunion in the
heavenly home.

Funeral services were conducted
in the home at Hondo, and at the
First Methodist Church at Seguin,
the Masonic fraternity having charge
of the committal service at the grave.
Surrounded by a concourse of loving
friends his body was tenderly laid to
rest in the cemetery at Seguin to
await the reveille at the Last Day.

A. M. Foster,
Pastor Methodist Church.

THANKSGIVING DINNER.

On Thanksgiving Day we were in-
vited to one of the grandest Thanks-
giving dinners that we ever had the
pleasure of attending. It was given
by Mr. Aug. J. Leinweber, that day
also being his 34th anniversary.

At noon, after everybody was
present, we were invited out where
a large table was set for the occa-
sion, on which were placed two large
stuffed gobblers, two barbecued
goats, chicken, salads, pumpkin pies,
and many other things too numerous
to mention, and to which everybody
did ample justice.

Those present were: Mr. and
Mrs. Aug. Leinweber, Mr. and Mrs.
Hy. Reitzer, Mr. and Mrs. Emil Lein-
weber and children, Mr. and Mrs. Hy.
Leinweber and children, Mrs. Aug.
Leinweber, Mr. and Mrs. Herman
Oefinger and children, Mr. and Mrs.
Chas. Nietenhoefer, Mr. and Mrs.
Alf. Schlentz and daughter, Mr. and
Mrs. Chris. Nietenhoefer, Mr. and
Mrs. Lee Hardt and children, Mr.
and Mrs. Edwin Moehring and chil-
dren, Mr. and Mrs. Albert Saathoff
and children, Miss Hulda Leinweber,
Misses Frieda and Ida Reitzer, Ella
Nietenhoefer, Alfred Winkler and
Otto Reitzer.

The afternoon was spent in sing-
ing and music, and at 4 o'clock we
were again invited out to the large
table which was just loaded down
with the most and nicest cakes and
pies you ever laid eyes on, after
which everyone left for their homes
wishing Aug. J. Leinweber many
more such happy days to come.

One of the Crowd.

A CARD OF THANKS.

Words cannot express our thanks
to all those who so kindly assisted
us in nursing our beloved father and
husband, Mr. J. W. Harris. We feel
very grateful for all the kindness
shown him during his illness and
the comforting words of sympathy
at his death and for the many beau-
tiful floral offerings.

Mrs. Harris
And Family.

NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION.

Sealed proposals addressed to R. J.
Noonan, County Judge, for the im-
provement of certain highways in
Medina county will be received at
the office of County Judge at Hondo,
Texas, until 2:30 p. m., December 12,
1922, and then publicly opened and
read.

Description of Work to be Done.

Work to be done consists of clear-
ing and grubbing, excavation, con-
struction of drainage structures, and
placing of gravel surfacing, all under
standard specifications of the State
Highway Department, governing the
building of a gravel road. The road
will be 23.53 miles long and known
as Sections A and C of State High-
way No. 3 in Medina County. The
proposals to be submitted will cover
the entire 23.53 miles and will not
be let in sections. The County will
set aside cash funds for paying its
pro-rata share of the cost of the
above 23.53 miles and these funds
will be paid the contractor as long as
the money lasts. When these funds
are exhausted through payment of
monthly estimates, the contractor
thereafter must expect to wait until
the State Highway Department re-
leases from time to time its own
funds for this work.

Detail plans and specifications of
the work may be seen for examina-
tion and information obtained at the
office of the County Judge, Hondo,
Texas; also at office of Walton &
Arneson, Engineers, 418 Gunter
Bldg., San Antonio, Texas; and at
the office of the State Highway De-
partment, Austin, Texas.

A certified check for Five Thou-
sand Dollars, made payable to R. J.
Noonan, County Judge of Medina
county, must accompany each pro-
posal as a guarantee that the bidder
if successful will enter in contract
and make bond in accordance with
requirements of the specifications.
The right is reserved by the party
of the first part to reject any and
all proposals or to waive technicali-
ties. Proposals shall be submitted
in sealed envelopes marked "Bids for
the Construction of County Road No.
3 in Medina County" and the bidder's
name shall be marked in the upper
left hand corner of said envelope.

All bids received will be retained
by the Department and will not be
returned to the bidders.

R. J. NOONAN,
County Judge, Medina County, Texas.

WONDERFUL WEATHER PRE- DICTIONS AMAZE THOUSANDS.

About forty years ago the Rev. Irl
R. Hicks discovered and worked out
for practical use an exact science in
weather forecasting. This science is
based on the equinoxes of the earth
and the planets, the movements of
the moon and planetary conjunctions.

Annually for thirty-five years
weather predictions based on this
science have been given to several
hundred thousand readers through
the medium of the Hicks Almanac,
now known as the St. Louis Weather
Book.

All the great hurricanes, torna-
does, cyclones and general weather
conditions during the past twenty-
five years were predicted to the ex-
act date, a year in advance. Thou-
sands write us yearly testifying to
the value of the predictions in this
Almanac and several hundred thou-
sands plan their work and business
activity by it each year.

You will want a copy of this Al-
manac for 1923. It has more than
168 pages, and is fully illustrated.

Send 45 cents to The Lincoln
Press, Publishers, 3403 Franklin
Ave., St. Louis, Mo., and they will
send you a copy parcel post paid.

BIRTHDAY PARTY.

A very pleasant birthday surprise
party was tendered to Miss Hilda
Haass at the home of her parents,
Mr. and Mrs. R. L. Haass, at Biry,
Saturday night, December 2, 1922.
Dancing was the feature of the even-
ing, while some enjoyed the sweet
music of the new Edison which was
a present to the young lady at this
occasion.

Midnight lunch was served which
consisted of coffee, cake, pie and
sandwiches. In the center of the
table stood the birthday cake with
sixteen lighted candles. The crowd
was so large that it would be im-
possible to give all the names, but
some present were from Hondo, Dun-
lay, Moore, San Antonio and Somer-
set.

Everyone expressed a delightful
time and hope to have many more
parties real soon.

RENEWED TESTIMONY.

No one in Hondo who suffers back-
aches, headaches, or distressing uri-
nary ills can afford to ignore this
Hondo woman's twice-told story. It
is confirmed testimony that no Hondo
resident can doubt.

Mrs. Heyo Schweers gave the fol-
lowing statement May 28, 1915: "I
had an attack of kidney trouble. My
kidneys acted irregularly and caused
me annoyance and there were other
ailment arising from disordered kid-
neys. I believe the trouble was
brought on from a cold which set-
tled in my kidneys. I purchased
Doan's Kidney Pills at Windrow's
Drug Store and a short use correct-
ed the trouble which has never re-
turned."

On May 3, 1919, Mrs. Schweers
said: "I have had no occasion to use
Doan's Kidney Pills since they cured
me four years ago."

RUSSIAN SCIENCE CONTRI- BUTES FAMOUS "BEAR MUSK" TO AMERICA.

Said to be Most Effective Treatment
for Rheumatism the World Has
Ever Known.

During the long icy winters of
Northern Russia rheumatism brought
great suffering among the people for
years.

The medical science of Russia con-
tributed their combined efforts to
perfecting a satisfactory treatment
for the great winter enemy.

The famous "BEAR MUSK" for-
mula when at last perfected brought
almost unbelievable results. For
years the medical treasure chest of
Russian science held the secret of
their great discovery.

Beginning with the Bolsheviks up-
rising these famous Russian physi-
cians escaped to America and brought
their secret with them. Wonderful
results have been secured by thou-
sands of rheumatism sufferers. There
are many Texas people among those
who have benefited by this treatment.
Signed statements will be given you
on request.

Sold under a money-back guaran-
tee and if for any reason it fails to
give satisfactory results the purchase
price will be refunded. "BEAR
MUSK" is sent direct to you fresh
from our laboratory. Price \$1.00
per bottle prepaid. Used externally.

tom of many business houses holding their mail until the close of the business day, when they release it to the post office in a perfect deluge. All day, cancelling machines, distributing cases, and the other facilities for handling mail lie practically idle, and just after 5 p. m. they are taxed beyond their capacity.

If people would simply change their mailing habits to the extent of depositing their mail even two hours earlier than they do at present, it would revolutionize the Postal Service.

This article is written in the hope that many people will adopt the idea of paying better attention to their mail matter.

After all, the postoffice is the great public servant, and it behooves every citizen of the country to make that servant as efficient as possible.

Much of the criticism leveled at the postoffice is due to the carelessness of the general public.

On the front page of this paper
is an advertisement of the new dry
goods merchant, Mr. Harry Olswang-
er. Mr. Olswanger succeeds H.
Hartman in the mercantile business
here and hopes to have the con-
tinual good will and patronage that
the firm has enjoyed under the form-
er management, as well as make
new friends. Read the advertise-
ment and give the new firm an oppor-
tunity to serve you. Mr. Olswanger
is not a stranger to our people, as he
has been associated with Mr. Hart-
man in the business for some time,
but he now succeeds him in his own
name. He will appreciate a call
from you.

John Balzen of Sturm Hill was a
pleasant caller at this office last Sat-
urday. Mr. Balzen ordered Fletch-
er's Farming to be sent regularly to
his home. He was accompanied by
his step-daughters, Mrs. W. E. Lee
of Fort Sam Houston, and Miss Min-
nie Hanschmeyer of San Antonio.
The ladies, together with Mrs. Emma
Morris of San Antonio, were guests
of Mr. and Mrs. John Balzen since
Thanksgiving.

After a successful mercantile ca-
reer extending over a number of
years in Hondo, Mr. and Mrs. H.
Hartman left Saturday for New
York where they will make their fu-
ture home and where Mr. Hartman
will engage in the wholesale dry
goods business. Mr. and Mrs. Hart-
man take with them the good wishes
of numerous friends whom they
made while residents of our little
city.

THE BRADLEY-ISOM WEDDING.

For the wedding of Mr. Kyle Brad-
ley and Miss Alta Isom Wednesday
evening, the Isom home in San An-
tonio was tastefully decorated in a
profusion of white roses and ivy and
a profusion of white chrysanthemums
and moss fern in reception hall and
dining room carried out the color
scheme of white against green foliage.

At half past six Rev. Wright, pre-
siding elder of the district, took his
place between the doors of the
double reception room. Mrs.
Horace Bradley, accompanied
by Miss Eunys Burnette, pianist, and
Miss Elizabeth Scoggin in violin
obligato, sang "I Love You Truly,"
and then to Lohengrin's March the
matron of honor, Mrs. R. E. Isom,
in shell pink georgette and carrying
an arm bouquet of pale pink roses,
entered and stood to the right of
the minister. The maid of honor,
Miss Susie Montfort, in deeper pink
and flame-colored rose, and best man,
Irvin Isom, followed, standing at op-
posite sides. The flower girls,
Katherine Richards and Katherine
Yvette Isom, in ruffled frocks of
pink and blue scattered petals from
a basket of roses. Thomas M.
Cockrell, in a page's suit of white
satin, bore the ring, a white rose
bud on a satin pillow and preceded
the bride and groom. The groom
in conventional blue and the bride
in a going-away costume of brown
with accessories to correspond.

The guests were served a deli-
cious wedding supper and were then
shown the many beautiful gifts
arrayed in the dining room.

"42" CLUB ENTERTAINED.

Mesdames Frank Scott Cockrell,
Horace Bradley and Earl Boon en-
tertained the Ladies' Forty-Two
Club Thursday afternoon from three
to five.

Upon the arrival of the guests,
cards bearing the names of the
hostesses on one side, and with the
inscriptions familiar to all, such as
"Maggie," "Jiggs," "Corn-beef,"
"Cabbage," "Grin and," "Bear it,"
etc., on the other, were given them
and thus partners for the games
were found. Of course, Maggie
went with Jiggs, Corn-beef with Cab-
bage, and Grin and with Bear it, etc.

After the games delicious pie a la
mode and tea was served to the fol-
lowing ladies: Mesdames Frank S.
Cockrell, Earl Boon, Horace Brad-
ley, Fletcher Davis, Charles Finger,
John Finger, Lou E. Heath, A. J.

S. P.-A. & M. TRAIN HERE.

The loud blowing of a locomotive whistle about two-thirty o'clock last Tuesday afternoon was the signal that the S. P.-A. & M. Demonstration Train was here, and a large crowd assembled at the depot to inspect the exhibits. People had come in from the country for miles around, and when this crowd was augmented by the school children—who had been dismissed for the occasion and attended in a body—it was with difficulty that the large crowd passed through the train in the time allotted. It is to be regretted that the train could not make a longer stay and give the people more time to view the exhibits.

On the train were hundreds of specimens of prize-winning exhibits of the range and field selected from the Dallas State Fair, Waco Cotton Palace and Houston Fair and Exposition. Pure bred cattle, hogs and poultry were also included in the exhibits.

Huge banners along the side of the special proclaimed it to be the Southern Pacific-Texas A. & M. Agricultural Demonstration Train. As the train pulled into Hondo the engineer industriously totted his whistle for several minutes. This drew a large crowd of people who had been expecting the train.

As the train came to a stop, prize-winning sheep, hogs and cattle of huge proportions were to be seen on the open platform. Here for a short time, the purpose of the train was explained, the slogan of pure bred stock and scientific farming sounded, the doors were opened at a given signal and the interested visitors filed through the long aisles of the train of Southern Pacific passenger coaches.

In one car was to be seen a model dairy exhibit, including Jersey and Holstein prize milk producers. Ten gallons of milk a day is the record of these valuable animals. Either produces more than 600 pounds of butter fat a year. They are fed only on feed produced on the farms of Texas. Latest devices for the production and handling of milk were on display. A model dairy farm, with many appliances was set up in the car.

For the home an entire car was filled with exhibits of clothing and canned foods selected along the S. P. Lines, produced by the girls' clubs of the A. & M. Extension service under the direction of the county agents. A model kitchen in which an oil stove stood in shining comparison with a rusty castiron stove of ancient vintage, and plumbing devices and metal-topped tables predominated was of exceptional interest to the housewives.

In the poultry car were prize-winning fowls of many breeds, each trying lustily to crow its loudest in acclamation of the slogan, "200 fowls to very farm." Scientific feeding tables with actual samples of the feed were on display. Brooders, incubators and watering pans, of much value to the chicken fancier and breeder, were also shown.

From the ensilage feeds of West Texas to the citrus fruit display of the Magic Rio Grande Valley was but a short step in the agricultural car. Here were long and orderly rows of beautiful fruits, vegetables and field crops showing the great range of climate and production over the state. An interesting chart explained the intricate grafting of pecan shoots necessary to produce certain varieties of the popular nut. Samples of corn produced by farm boys' clubs of the A. & M. College were also to be seen. Samples of Texas wheat and flour were shown. Charts explaining cotton grading, growth and pricing were on display. No doubt but what this train will be of vast benefit to all that section of our state traversed by it.

THE FOOTBALL CLASSIC OF SOUTH TEXAS.

When the Baylor University football team, Southwestern Conference champions, clash with the famous Haskell Indians at Schwab Field, San Antonio, next Saturday, the fans will have an opportunity to see the great college game at its best.

Not only will the two systems of play be very much in evidence as the Indians will bring with them the best that the North has to offer while Baylor will show the "stuff" which carried them through without a defeat in the Conference, but with such stars as "Big Chief Levi" and little Tommie Anderson of Haskell and Bradshaw and Blalock of Baylor at their best a most sensational brand of football is expected.

In the latest issue of the Indian Leader, the school publication, we quote the following: "The Haskell Institute has developed a football machine this year which rivals in many ways the teams of the famous Carlisle Indian School in years past. Under the direction of Richard Hanley of Washington State, the Haskell Indians have played an excellent brand of football and are considered to be on a par with several of the Missouri Valley Conference eleven. The Haskell Braves although without the stars that made the Indians famous several years ago have developed a team that will go down in the history of the school. The Indians specialize in open formation plays, and show wonderful speed in circling the ends of the opposing teams. The outstanding stars in the 1922 team are Captain Levi and Anderson, backs; Kipp and Killbuck, guards, and King, center. Anderson and Levi are playing their fourth year with the Braves and are the mainstay of the 1922 team. Anderson, despite his small size, is one of the best broken-field runners ever produced at the Indian school."

All of Texas knows of the quality of football the Baylor Bears have played throughout the season. Their wonderful offense which was responsible for their victory over the Texas Aggies, conquerors of the Longhorns on Clark Field Thanksgiving Day, will keep the fans on their feet from start to finish. Bradshaw, the "Bo McMillan" of 1922, the giant tackle Blalock, the line-plunging fullback Tanner and other stars in the line-up against the Redskins will give those who witness the contest all of the thrills of the great college game of Football.

DEVINE NEWSLETS.

From The Devine News.

Gets Sub-Contract on Frio Highway
J. J. Wipff closed a contract Monday with Smith Brothers for the four miles of the Meridian Highway from the Medina county line to Moore. All grading and gravel work is included. The gravel will be hauled from below Moore. Mr. Wipff has a good bunch of teams, having been in the construction work for some time. W. E. Sorrels, we understand, gave up his connection with the Smith Brothers and has a contract with the Uvalde Asphalt Co. for the lower end in grading and graveling. Things are beginning to move in Frio county road work now. Several from the Devine section are figuring on work down there, we are informed.

Another Dam on the San Miguel

A concrete dam has just been completed on the Johnston ranch, Miss Mary Johnston's property, a few miles south of Devine and east of Moore, to catch further waste waters of the M. V. I. Co., and for irrigation purposes. There is one dam already at the Fullerton Irrigation Plant four miles south of town, where 300 acres are irrigated. During the winter season and when it rains much the water flows all the time over the dam sufficient to fill another lake no doubt. We understand that onions will be set out on this land later.

Ex-Postmaster Geo. W. Brown arrived in Devine Thanksgiving from Los Angeles, the City of Angels, California, to spend some time with his beloved old Devine and friends here. Mr. Brown has made several trips out there, but he has as often returned to his old home here.

Lady Painfully Hurt by Fall

The News regrets to note that Mrs. Henry Crutchfield sustained a very painful injury one evening this week by falling from the steps of the barn, necessitating a physician being called, and is still unable to be out; but it is hoped that no bones were broken and that she will soon be out again.

Mrs. Sam Hardcastle

Mrs. Nora Hardcastle, wife of Mr. Sam Hardcastle, aged about 44 years, died Friday morning, December 1st, 1922, from the effect of a gore from a mad bull, made several days previous. All that two doctors and a trained nurse could do was of no avail. She leaves a husband and seven children, besides an aged mother. Her maiden name was Duncan, second oldest daughter of Mr. and Mrs. Noah Duncan, born, reared, educated, married and died in the same community; was a devoted member of the Primitive Baptist Church. The funeral was conducted late Friday afternoon at the Upper Black Creek Cemetery, by Elder A. G. Blackwell, her pastor.

Mr. Wm. J. Allen

Mr. William J. Allen, aged 71, familiarly known as Uncle Bill Allen, died at his home at Black Creek Wednesday evening, and the remains were interred at the Evergreen Cemetery, Devine, Saturday evening, Rev. D. R. Dunham of Moore conducting the funeral services, the Masonic lodge of Yancey, assisted by Devine, being in charge and following with their funeral rites. He was the last of three brothers, John, Andrew and William. They were natives of Tennessee, but pioneer settlers of the Seco section in this county, where for many years they operated the Allen ranch. A sister, Mrs. Bell Scroggins of Oklahoma, also two children, James Allen and Mrs. Claude Harris, survive. Uncle Bill Allen had lived in Medina county for half a century and has always been known as a quiet, law-abiding, inoffensive citizen, and naught has ever been set down to his discredit. He had never united with any church, but spoke of desiring to unite with the Baptists, recently, which he was not permitted to do on account of failing health. He had been a Mason for many years, and was referred to by the minister as one who probably "secretly followed the Master without public demonstration."

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 132 borrowers, with \$503,280 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5 1/2 per cent interest and 1 per cent 33 year amortization repayment plan. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only.

PEGGING AWAY.

From the Huajillo Leaf.

Men seldom mount at a single bound To the ladder's very top; They must slowly climb it, round by round.

With many a start and stop. And the winner is sure to be the man Who labours day by day. For the world has found that the safest plan Is to keep on pegging away.

You have read, of course, about the hare

And the tortoise—the tale is old— How they ran a race—and it counts not where—

And the tortoise won, we're told. The hare was sure he had time to pause

And to browse about and play; So the tortoise won the race because He just kept pegging away.

A little toil and a little rest, And a little more earned than spent.

Is sure to bring to an honest breast A feeling of glad content.

And so, tho' skies may frown or smile Be diligent day by day; Reward shall greet you after a while

If you just keep pegging away.

SETTLING UP TIME.

Another harvest season has rolled around, and the time for settling up annual accounts is here. In making your settlements do not forget the paper. It costs money to run a paper and printers must have money or, like other people, go hungry. Call at the office and settle your account or remit by letter. Do not wait for a statement—but a statement will be mailed you if desired. Remember, time flies and a neglected subscription account mounts up fast and if allowed to run too long will surprise you with its size. So please wait no longer but pay up now.

Yours in grateful anticipation of an early settlement,

Noah's Three Sons.

This is our fourth chapter on the story of Ham, Shem and Japheth, three sons of Noah, including descendants of each, which have been used throughout the Testament types and shadows, will remain perpetual figures of three different characters respectively produced by the three dispensations, namely, that of the Father, that of the Son, and that of the Holy Ghost.

To explain: Ham and his children represent the unconverted state, product of the Father's dispensation. And Shem and his children, especially the descendants of Abraham and Isaac, represent the regenerate children of God, the product of the Son's dispensation. Then Japheth and his children represent truly sanctified children of God, product of the Holy Ghost dispensation.

Biblical and secular history are in accordance that Ham and his offspring are the darkest colored of the human race, the negro being the blackest and most representative tribe of descendants. The dark and sallow color of the Hamites symbolizes the uncleanness and blackness of heart of the unconverted and wicked of the children of men.

History also plainly shows that Ham was the father of the Jew, through Abraham, Isaac and Jacob. The Jews were always reckoned white race, but not PERFECTLY white. Therefore, their color accurately symbolizes the spiritual state of the heart of the merely regenerate children of God, who, throughout the scriptures, are referred to as being holy, but not PERFECTLY holy. In Isa. 1:18, confession of the sinner is represented by making him WHITE AS SNOW.

In Psalm 51:7, David prays for purification, saying, "Purge me hyssop, and I shall be clean; me, and I shall be WHITER THAN SNOW."

History also shows that Japheth was the father of the pure Caucasian European, the WHITEST of the human race; which makes him the most accurate and suitable symbol of the spiritual state of the sanctified, which state is obtained only by the baptism of the Holy Ghost and fire; thus perfecting soul in holiness, making it whiter than snow by the THIRD dispensation of redeeming grace.

We shall have more to say of Ham and his children in some future article on this, the most extensive, comprehensive and far-reaching of all the dramatic symbols of Holy scriptures.

The natural man with the carnal mind is FIRST in the program of regeneration and when the regenerate principle is planted within the heart by the Holy Spirit, there arises a conflict between the two contending powers within; and also the world, the devil become the allies of the carnal mind, for the overthrow and defeat of the spirit-born nature.

Even so was there a conflict between the Hamites, especially the Canaanites, on the one hand, and the Shemites, through Abraham, Isaac and Jacob, on the other.

The Israelites pressing forward to possess the land of Canaan, a symbol of the state of sanctification, life of holiness, which God had promised to give them. But the Canaanites, ever ready to carry out their part of the drama, protested every step of the travels of the Israelites.

Now, the reader will remember we have followed the Israelites through their Egyptian bondage in and of Ham and thence through their successful battle with the Amalekites who were also Hamites, to the Sinai, where they received the law and built the Tabernacle, organized themselves into a nation, as it were, and thence to the Jordan, where the ten spies

brought back the evil report, and the Israelites were discouraged and caused Jehovah to pass sentence on all those who were twenty years old, that they should not enter the promised land, because they believed not his promise.

But after the sentence was passed, then next morning they said, "We will go up." But the Lord went not with them, and they suffered a sore and disastrous defeat. Then they were turned back into the wilderness and wandered around Mount Seiv for thirty-eight years, where they died of the fiery serpents, pestilence diseases etc., till all were dead who were twenty years old when they refused to go into Canaan. That is, except Caleb and Joshua, whose faith failed not, and who exhorted, saying, "Let us cross over at once, for we are fully able."

Now, when they had wandered in the wilderness thirty-eight years, the Lord appeared unto Moses, as recorded in Duet, 2:3, saying, "Ye have compassed this mountain long enough; turn ye northward." So they did, and passed by the Edomites, the children of Esau, and thence by the Moabites and Ammonites, the children of Lot. God forbade the Israelites to contend with the Edomites, Moabites or Ammonites, because their forefathers, Esau and Lot, were Shemites, and the Lord had given them their inheritance and they were in possession thereof.

But the next people they encountered were two tribes of the Amorites, descendants of Canaan, the youngest son of Ham. Remember that Noah, doubtless being moved by the spirit of prophecy, said, "Cursed be Canaan."

Now, these two tribes of the Amorites lived on the east side of the Jordan River, in the valley known as the Land of Gilead; which was not reckoned as the Holy Land proper, but rather a border to the Holy Land. The Holy Land proper lay west of the Jordan River, extending to the Mediterranean Sea. And when the Israelites neared the possessions of Sihon, king of the first tribe of these Amorites, Moses proposed to pass through their land in peace, but Sihon, like all the descendants of Ham, opposed the progress of the Israelites toward their promised inheritance, and fought against Israel, but was completely overcome. Then Og, the giant king, whose iron bedstead was over thirteen feet long, presided over the second tribe of the Amorites, in Gilead, the east valley of the Jordan River, also made war with Israel, and the Israelites, under Moses, overcame and slew him and took all their walled cities, towns and pasture lands.

Now let us learn a lesson. You remember when the ten spies said that Canaan, the promised inheritance of Israel, could not be taken, and all the congregation hearkened unto them, and after God had ordered the Israelites back into the wilderness, then they said, "We will go up and fight." But the Lord went not with them, and the Amorites defeated them, and they fled in disgrace and shame. Why? Simply because they did not believe that God would fulfill his specific promise to them.

But now, after all the doubters had died in the wilderness, and their children had accepted this same promise by faith, they are traveling towards the promised land, fighting and conquering the Hamites as they go.

And not only so, but ere long they will cross the Jordan and possess the Promised Land, their God-given inheritance.

In like manner, when any church, congregation, people, or individual fails to believe God's specific promise to them.

ise of the baptism of the Holy Ghost and fire, purging and cleansing their hearts from the last remains of sin, and filling their souls with supreme love for God and all manner of godliness—then, I say, will their courage fail, and their strength depart, and the Hamites, (the world, the flesh and the devil), will chase them back into the wilderness, there to wander among the fiery serpents and loathsome soul diseases until every doubter and doubting disposition has perished. But glory to God, when faith is awakened in "the promise of the Father," and God's children start in dead earnest to go into their inheritance, the sanctification of their souls, the Hamites, Canaanites and demonites will make war, but God is with those who believe His promise, and will lead them from conquest to victory until they possess the promised land. Praise the Lord.

Now, when the Israelites had conquered Sihon and Og, kings of the Amorites in Gilead, Moses promised that territory to the two and a half tribes—Reuben, Gad, and the half-tribe of Manasseh, provided that their soldiers would cross the Jordan and help the remaining nine and a half tribes fight till they possessed their inheritance west of the Jordan River, the Holy Land, properly speaking.

Now, the time was near when they should cross the Jordan into their inheritance, a type of the Holy Ghost dispensation of the soul. And as Moses was the law-giver, and therefore represented the law, the Father's dispensation, which St. Paul says was ordained to bring us to Christ; and John the Baptist tells us that Christ would bring us into the Holy Ghost dispensation by the baptism of the Spirit. Therefore, God is ready to illustrate these great and fundamental principles in this dramatic symbol, by burying Moses, the representative of the Father's dispensation, and putting Joshua, a type of Jesus Christ, in charge of the Israelites to put them in possession of Canaan, the type of the Holy Ghost dispensation.

And accordingly Joshua said unto the people, "Sanctify yourselves; for tomorrow the Lord will do wonders among you." And when the priest had taken the ark of the covenant and led the way into the waters of Jordan (her banks were overflowing at that time) the Lord stopped the running waters and Israel passed over and camped near Jericho, a great and walled city of the Canaanites, who at once closed their gates, supposing, doubtless, that the children of Israel could never enter the city.

But the children of Israel are now in Canaan, which symbolizes that state of grace which Jesus spoke of when He said to His Disciples, "Tarry in the city of Jerusalem until ye be endued with POWER from on high." Again, "Ye shall receive POWER after the Holy Ghost has come upon you." Therefore, when they had compassed Jericho seven days, and God said shout, they shouted with a great shout, and the walls of that Canaanite city fell flat, so that every man went over the wall directly before him, and they spoiled the city.

However, God had commanded that they should not take any of the accursed things of the city as a prey to themselves. But Achan, of the tribe of Judah, stole a gold wedge, a lot of silver and a Babylonish garment and hid them in his tent. Thus did he defile, and shear the whole army of Israel of their pentecostal power. What a lesson to the children of God for all time! Therefore, when they went to take the little city of Ai, the children of Israel fled before the Canaanites. But when Joshua had caused Achan and all his possessions to be burned, their power was restored and they took Ai with ease.

So, likewise, when we have lost the power of the spirit, it is time we were searching out the cause, confessing our sin, and putting the accursed thing absolutely away. And God will restore us to strength for the battles He has called us to wage in His name.

Now, the fear of Israel began to spread throughout Canaan, and they began to prepare for war, and one of the most terrific and sweeping conquests recorded in ancient history followed, until the Israelites had subdued, and almost annihilated thirty-one kingdoms of the Canaanites and divided the Holy Land west of the Jordan River between the remaining nine and one-half tribes of Israel, the descendants of Shem.

Now turn to Gen. 9 and 26, and read, "Blessed be the Lord God of Shem; and Canaan shall be his servant." Do you see? Yes, all this tragedy was fought out between Israel, the descendants of Shem, and the Canaanites, the descendants of Ham, which, according to scripture, was commanded, directed and enforced by the presence and power of the God of the Bible.

We note that the sins of the Canaanites were great. But the same may be said in a milder degree of the Israelites. But the difference of the sins of the two does not appear to us to be sufficient cause for the extreme favor shown Israel, against the Canaanites by the God of righteousness and true holiness.

But when I come to realize that God Almighty is revealing by this dramatic symbol, great and fundamental principles, which enter the actual life and character of each soul that has, or ever will be saved, showing in the life and conduct of these two conflicting nations, that within us, and all around about us, are evil dispositions and wicked spirits, ever ready to oppose the spiritual progress and development of the new-born nature within our hearts, even Christ, the hope of glory, then I can see a just and sufficient ground for all the fearful conflicts and mighty wars between the Hamites and the Shemites.

The Israelites were a strong and courageous people, mighty in battle, going from conquest to victory against the Canaanites, after they entered the Promised Land.

In like manner would the people of God, in various churches, be a mighty and conquering host against the powers of darkness, the flesh, the world and the devil, if they would go on into the "promise of the Father," the baptism of the Holy Ghost and fire, which truly sanctifies and endues with power from on high, fitting and qualifying for service.

In our next, we will try to show the part that the children of Japheth, the younger son of Noah, plays in this, the most wonderful dramatic symbol.

Notice, To Hunters! We, the undersigned citizens of Medina County, have organized the Medina County Game Protective Association. The object of this Association is to protect the game, to enforce the game laws generally, and also forbid trespassing on our lands. Most of the counties north of here have already organized for this purpose and in those counties the game is increasing in number each year, while in this county it is decreasing, and will continue to decrease until we begin to enforce the law in regard to hunting out of season, and following the law regulating hunting in season. The members of this Association wish to serve notice on the public that there will be no hunting allowed on any of our premises without a written permit from the land owner or from whoever may be in charge of such premises. This is for the protection of the land owners and also for the protection of the hunter who will respect the law. There are at present 22 members of this Association and we will employ two game wardens to look after this business and as the membership grows we will employ others. We ask all parties, hunters as well as land owners, to co-operate with us in the protection of game in Medina County. On the first day of November the lands owned by the members of this Association will all be posted according to law, and any and all permits to hunt thereon heretofore issued are hereby cancelled.

LIFE-SAVING CAMPAIGN IN SOUTHWEST DIVISION

American Red Cross Organized and Trained Many Corps in This Section Last Summer.

More than 34 chapters have been visited during the months of May, June and July by Captain Norbert E. Raacke, first aid and life saving representative of the Southwestern Division. While visiting these various chapters, Capt. Raacke gave first aid demonstrations before Rotary, Lions and Kiwanis Clubs, as well as life saving demonstrations and instructions at Y. M. C. A., Y. W. C. A. and many outdoor pools and lakes. At the majority of the pools and lakes visited, the Captain has noted particularly that practically little or no life saving precautions are taken. A large lake at Nevada, Mo., is owned by an old Indian, who believes that if a person were drowning someone near at hand would come to the rescue.

Many letters of commendation have been received from chapters visited by Capt. Raacke. Sallina, Kan., was particularly well pleased with his demonstrations at the Country Club outdoor pool. The following is an extract from a letter recently sent in by the life saving examiner of that town:

"Capt. Raacke's clever work at the large outdoor pool of the Country Club was watched in breathless silence, only to be broken by wild cheering at his many extraordinary feats of swimming and life saving. Capt. Raacke, to us, is a marvel of efficiency and his crawl stroke is still the talk of the town. He not only has been a great help in the Life Saving Department, but has given even greater interest to the Red Cross in its other lines of work."

There are several well organized life saving corps in the Southwestern Division. Kansas City, Mo., has an excellent women's corps. At the annual banquet, held in May, life saving badges were awarded to more than forty women, service medals to two and the life saving bar to one.

On July 30th the river patrol of the St. Louis Chapter gave an exhibition and races at Lincoln Beach, on the Meramec River. This exhibition was witnessed by probably the largest crowd ever gathered at Lincoln Beach. More than 500 canoes fringed the sand when the first event, the canoe singles race, was announced. Capt. Raacke had charge of the life saving demonstration, showing the various methods of breaking death holds encountered in rescuing a drowning person.

Eight life guards, after his demonstration on the barge, struggled viciously with each other in a practical illustration of life saving tactics.

The Galveston, (Texas) Life Saving Corps have frequently exhibited their skill in first aid and life saving. Owing to the prompt and efficient first aid administered by three members of the Galveston Life Saving Corps on June 4th, the life of John D. Wheeler, 23 years old, of Houston, Texas, was saved. Mr. Wheeler was overcome while bathing in shallow water and was found floating in an unconscious condition. The three members of the life saving corps succeeded in reviving Mr. Wheeler through the application of the Schaeffer method of resuscitation. He was taken to the hospital in a very weakened condition. As Mr. Wheeler was found in comparatively shallow water, it is believed his mishap was due to a fainting spell.

RED CROSS ROLL CALL AND CHRISTMAS SEAL SALE ARE DISTINCT

At a joint meeting of the National Committee of the American Red Cross and the National Tuberculosis Association, held recently, an agreement with regard to the campaigns conducted annually by each organization, which follows each other only a day apart this year, was reached. The American Red Cross will conduct its Roll Call from November 11th to November 30th. The National Tuberculosis Association will conduct its nation-wide sale of Christmas Seals from December 1st to January 1st.

A statement issued jointly by the two organizations says that undoubtedly the effectiveness of the mutual understanding depends in large measure upon the extent to which the local workers of both organizations adhere to the agreement. Overlapping of effort will be injurious to both causes, the two national organizations believe, and it is of great importance that this idea be thoroughly understood by the local workers in both, according to John Barton Payne, chairman of the American Red Cross, and Dr. Alexander Miller, president of the National Tuberculosis Association.

The official statement of the two organizations follows:

1. There is no official connection between the campaign of the National Tuberculosis Association and that of the American Red Cross.
2. There is to be no use of the Red Cross emblem by the National Tuberculosis Association.
3. The title of the American Red Cross is not to be used in the sale of Tuberculosis Seals.
4. The dates of the American Red Cross Roll Call are to be November 11th to November 30th, inclusive; and the National Tuberculosis Association's sale of seals begins December 1st and continues until January 1st.

JUNIOR RED CROSS MAKES GOOD CITIZENS

Through It Children Learn Patriotism, Altruism and Generosity.

The Junior Red Cross exists for the purpose of making good American citizens. This statement was made by an eminent authority in a recent answer to the question, "What Is the Junior Red Cross?" In the United States there are 5,000,000 members of Junior Red Crosses and in the Southwestern Division the membership of children in this organization numbers 424,576 and here is some of the work these children do.

They support work in Europe to children who are in need. They send Christmas boxes of goodies to children who do not have them. They make shipments of garments abroad to the destitute children of war-ravaged Europe. But this is not as interesting to Americans, perhaps, as the work which the Juniors do at home. One of the biggest problems in America today, according to experts, is the tremendous amount of malnutrition found among the children of this country. One-third of the children of America are malnourished, according to actual counts. The Junior Red Cross, through its school auxiliaries and growth classes, is seeking to eliminate a large part of this malnutrition and has succeeded to a very gratifying extent.

The Junior Red Cross also is answering the question of how to eliminate individual, group, racial and international hatreds which exist among people today. The polyglot character of the personnel of the average American school gives an excellent field for work of this kind and foreign children, as well as native-born Americans, learn what good citizenship is in their Junior Red Cross activities even more than they do in the patriotic exercises of their school room work. Loyal and serviceable citizenship, that absolute essential to a great democracy, is being created in the breasts of these little foreign-born Americans through the Junior Red Cross activities as it never could be otherwise.

One of the helps to this is the work the children are doing for the disabled ex-service men in hospitals, for the sick and crippled children who need help and cheer, in equipping playgrounds so that sad-eyed little children of the congested districts are taught the joy of a normal childhood. By learning to serve others in these and many other ways, lessons of community spirit and co-operation are taught the growing boys and girls of this country.

Another thing the Juniors are doing is assisting in the promotion of health in their communities by clean-up campaigns and other civil undertakings. On the whole, one of the most constructive pieces of work done in the Southwestern Division, American Red Cross, during the year, in the opinion of those who have studied the situation, is that among the children, which has been carried on through the Junior divisions of Red Cross chapters and the school auxiliaries of Junior members.

NURSE IN SOUTHWEST DIVISION COVERS BIG TERRITORY

Miss Mary Fitzsimon, Washington County (Arkansas) Red Cross nurse, is in charge of one of the largest territories covered by one individual in this capacity in the Southwestern Division. Ten towns are in her district and her work covers all kinds of ailments and illnesses, serious and simple, as well as general sanitation and health information.

The well people of one neighborhood in Washington County are particularly indebted to Miss Fitzsimon for having discovered a contaminated water supply which might have caused the illness of the entire community.

In cases where contaminated water supplies were not discovered in time, Miss Fitzsimon has been able to offer an anti-typhoid inoculation which has been so successful in the army as a means of stamping out this disease.

A group of trachoma cases discovered in July by accident is being successfully treated. The mother of this family already had lost her sight, but the other members probably will be not much the worse after the treatment is finished.

A number of ex-service men who have not received their compensation and other disabled soldiers who wanted assistance or vocational training also were cared for during the summer and spring.

LACOSTE LEDGERETS

From The Lacoste Ledger.

We have no Chamber of Commerce in Lacoste that will display the products of our locality. How would it be if our farmers would bring a sample of their products in any line to the Lacoste National Bank? We shall take pleasure in displaying them in our large lobby to the best advantage, giving due credit to each exhibitor. In this way we might work up a good display that would be a credit to our section. We have a 6 1-2 potato for a start.

Mrs. Otto Schmitt surprised her mother, Mrs. Aug. Holzhaus, last Wednesday afternoon, November 29, 1922, by inviting a number of her lady friends to help celebrate the 80th anniversary of her birth. The afternoon was pleasantly spent in recounting reminiscences of their girlhood days of some 60 or 70 years ago, when this country was still a wilderness and invaded by Indians; comparing the times with those of today. The table decorations were chrysanthemums. Punch, cake and other delicious refreshments were served to the following guests: Mesdames Emilia Naegelin, F. X. Schmitt, May Brieden, Philomina Bohl, Mary Bendele, Josephine Naegelin, Josephine Haby and H. Vonfle and the honoree. Mrs. Holzhaus is still hale and hearty and we wish many returns of her natal day.

Catarhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surface of the System. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reached and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflammation of the mucous surface. ONE HUNDRED DOLLARS for an cure of Catarhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. Of course Lacoste knows she has the best children in the world, but put another feather in your cap by remembering that the specialist in charge of the agricultural train remarked several times that ours was the most orderly and well behaved school of children that had entered the cars on all the voyage up to date.

Mr. and Mrs. J. G. Braun and son, Fred, and wife and grandson from Moore were visiting George Christilles and family here Wednesday. While here Mr. Braun paid this office an appreciated call. He informs us that he celebrated his 85th birthday anniversary on October 25th past, and that the last time he was at Lacoste there were only two or three houses here.

The Lacoste Oil Company well on the Jungman lease at the Chicon was washed last week and Sunday evening the tubing and pump was put in shape and by Monday evening was ready to be pumped. All the water was pumped out by Tuesday morning when the oil started to come in at the rate of 3 to 4 barrels a day when the well sanded up. Work started Wednesday morning to draw all tubing and commence washing again, which will probably take all this week and more. By our next printing day we might have good news about the well.
